

Invitation Canoe Slalom and White Water Camp for Youngsters

Just like in 2023 we are planning a camp for youngsters in the summer of 2024. The idea is to bring young people together and create a community around paddling, wild water and nature.

Location

The place we have chosen is Västerdalälven in Dala Floda. We will live in or near by Floda Forsfarare's Clubhouse at Lissfors. The paddling will take place in Lissfors (canoe slalom), in Fänforsen and in Käringsforsen (white water). The degree of difficulty varies, but maxes out at III. There are also other waters to choose to paddle in, if you so wish.

We plan for young people aged 12-16, but we are flexible. More important than age is skill and safety on the water. Accompanying leader who is willing to participate in the activity and take responsibility for a group of young people during the time of activity participates free of charge.

Dates

We plan for a six day camp during week 29. Our suggestion is that we start on Monday July 15 and that the camp ends Saturday July 20.

Equipment

You bring your own equipment such as kayak, paddle, helmet and life jacket. We can offer the possibility to rent on site if any other kayak is wanted.

Accommodation

We will live in or near by Floda Forsfarare's Clubhouse at Lissfors. You choose whether you want to stay in the Clubhouse or out in the open air. For those who want breakfast, lunch and dinner are included. Lunch and dinner are served at Flokullornas in Dala Floda, while breakfast will be served in the Clubhouse.

We calculate the cost of the entire package with "accommodation" and all meals for six days at EUR 230, GBP 210 or SEK 2500.
